

McCurdy Trucks

NZTTMF Member Since: 1986

The crew at McCurdy Trucks realise the absolute importance of fast, efficient service. Truck & equipment up time is serious business to any operator.

McCurdy Trucks represent the best brands in the market and cover the entire Taranaki region with our three branches located in New Plymouth, Bell Block and Hawera.

We are the Taranaki agents for Southpac Trucks (Kenworth, DAF, Paccar & TRP), Truckstops NZ (Volvo, Hino and Allmakes), Cummins Engine Company, Transport and General (T&G) and Isuzu Master Truck Dealer for Taranaki, Wanganui and King Country. We are also Castrol Oil Distributors and agents for BPW, SAF, Palfinger, Trucker's Pride and many more.

Our workshop Technicians and Parts sales staff have all been trained by our agencies and have the best Genuine support, service and knowledge. With over 65 staff in 3 locations, there is all someone with great knowledge to talk to.

Our Engineering Fabrication workshop works closely with our Isuzu Trucks Sales team to customise package units like flatdecks, tippers, tractor units, crane mounts and wheel base alterations. These skill sets are also used for any customer with any make or model truck or trailer. The Engineering team can also take care of any modification, repair, chassis straightening, wheel polishing or LT400 repairs and certified welding.

McCurdy Trucks plays an active role in many transport industry bodies—including NZTTMF— and with true community involvement is a major contributor to Taranaki charity and service organisations.
