

## CAL>ISUZU

NZTTMF Member Since: 2001

CAL>ISUZU is New Zealand's largest ISUZU dealership. Its heavy vehicle sales, service and manufacturing operation covers much of the upper North Island with dealership and performance centres in Auckland, Hamilton and Tauranga. The company's stated aim is to provide a "true one stop shop" for the heavy transport industry. Each centre has an extensive offering of new and used ISUZU vehicles, together with full service support including engineering, coach-building and paint facilities, plus New Zealand's most comprehensive ISUZU and after-market parts range.

CAL>ISUZU exhibits and maintains considerable pride in its history, reputation for innovation, and in its professionalism. It started small, 30 years ago, as a backyard family operation. The family is still there today, still running a company with family values of professionalism and personal service. Now it employs over 100 staff and sells more trucks, more models and boasts a greater price range than any other ISUZU dealer in New Zealand.

In 2015, the company was awarded the prestigious General Motors' Grandmaster Award, which recognises CAL>ISUZU as among the best GM operations in in the world.
